Subject: Rogers Sugar Vancouver Refinery Strike

Effective Date: October 16, 2023

Rogers Sugar, our partner supplier for sugar has announced that Public and Private Workers of Canada Local 8 unanimously voted to strike after a new collective agreement for its members at the Vancouver refinery failed to come to terms. The existing collective agreement expired on February 28, 2023. This affects GFS BC, Calgary & Edmonton, and Winnipeg.

We do not have a clear date as to when the Vancouver refinery will be back online, but are hoping the strike can be resolved soon. Updates on the situation will be provided as it evolves.

Limson is continuously working to provide the best cost and stable supply for our customers.
